## **Certificate III in Hospitality (Commercial Cookery) / City & Guilds Diploma in Patisserie**

Once again this is a combination of two of HTA's most popular and worthwhile courses. In this program all aspects of the commercial cookery course are overlaid with a diploma in patisserie, conducted under the auspices of City & Guilds, a very well respected name in the industry internationally and acknowledged as one of the leading vocational award bodies in the United Kingdom.

A sweet tooth, it's everyone's weakness. Now you can learn the secret to preparing delicious desserts, tantalising sweets and perfect patisserie via a course that has a rich, internationally recognised history dating back to 1678.

With over 135 years of experience behind it, City & Guilds is the leading vocational awarding body in the U.K. that provides unique internationally recognised qualifications that are accepted around the world.

HTA's City & Guilds course is jam-packed with instruction from highly qualified instructors who will provide you with qualifications that will arm you with the confidence and credentials needed to fill the role of Chief Patisserie or Chef de Partie in major hotel and restaurant kitchens.

Whether you are seeking to upgrade existing qualifications or gain a Diploma that will be your entrée into the exciting world of patisserie, this is your chance to learn modern and time-old techniques that include cake and bread baking plus display preparation working with decorative sugar and chocolate.
